# 1 Introduction

The Government of India had decided that to measure and monitor India's performance on various social, economic and other parameters through internationally recognized Global Indices.

The goal of this exercise are to use these Indices as tools for self-improvements and bring about reforms in the policies and processes of Government agencies and bring about reforms in the policies and processes of Government agencies and financial institutions while creating a conducive ecosystem for foreign and domestic investment flow.

#### Goals:

- Driving reforms at the National and State level by ranking of States
- Promoting cooperative and competitive federalism
- Enhancing citizen service delivery, ease of living and ease of doing business

#### About the dashboard:

The dashboard is created to support the Government's decision to leverage the monitoring mechanism of select global indices to drive reforms and growth. The dashboard allows for monitoring of the parameters as per official data as well as the data source used by the publishing agency. The dashboard also allows for monitoring of performance of states and it also inculcates healthy competition among States/UTs through their scoring and ranking on these Indices and Reform Actions.

This manual illustrates the functionality for Visualisation Module, how indices are represented, various view of scores and ranks, India score globally, Reform actions' performance at ministry level and State level. Care is taken to explain each function minutely.

#### 1.1 Purpose

The purpose of this user manual is to provide an insight on the operations of Visualisation Module. This manual serves the requirement of all users like Nodal Administrator, State/Line Administrators and Data Entry Users at all levels on how to view the data in various views and download the statistical reports in PDF, Excel and Image formats.

As you complete reading this document, you will be able to:

- Access Visualisation landing screen
- View Global Indices, View understand the navigation and download report
- View India Indices, its view, navigation and download report
- Reforms: View Reform Areas and Actions, at Ministry and State levels, and its performance
